- Download of datasheets for off-line consulting
- Direct access to sampling and buying
- Management of favorite part numbers
- Product features sharing via e-mail or social media
- Available on Android™ or iOS™ operating systems
- Available on Wandoujia app store for Chinese users

### Description

The STPOWER IGBT finder is a mobile application available for Android or iOS offering a user-friendly alternative to searching through the [www.st.com](http://www.st.com) online product portfolio, driving the user along a smooth and simple navigation experience using portable devices. The parametric search engine allows the user to rapidly identify the right product that best fits its application. This app is available on Google Play, App Store and Wandoujia.
